

HIV/STI PREVENTION WORKSHOP OPPORTUNITY FOR SCHOOL NURSES

South Central Kentucky AHEC and the Kentucky Department of Education's Coordinated School Health program will offer a HIV/STI prevention workshop for school nurses. The focus of the workshop will be on HIV and STI prevention, as well as party drugs and safety issues. The workshop will be offered in 2 locations:

- May 11, 8:30-4:30 (Eastern time), Natural Bridge State Park
- May 18, 8:30-4:30 (Central time), Lake Barkley State Park

The speaker will be Dr. Dan Newman. Dr. Newman has been involved with HIV prevention since 1982 and is a national speaker. For more information, go to www.ceucert.com. Dr. Newman will present the following topics with these objectives:

HIV Women and Teens

- Identify the latest information pertaining to the risk of infections to the women and teen populations.
- Recommendations for education of women and teens.
- Reflect on the dangers of not having the complete picture of risk involved for today's women and teen's sexuality.
- Relating and identifying why women and teens are at the highest risk for infection.

HIV and Addiction

- Identify sex and chemical addiction as a high risk for HIV/AIDS/STI'S
- How sexual addiction is used to produce gratification and escape internal discomfort of chemical dependency.
- Integrate this information into treatment of alcoholism and drug abuse with the understanding that sobriety can be difficult without educating the client that their sexual lives will be changed when clean and sober.

HIV/AIDS Certification Program

- Examine the history and statistics of the HIV/AIDS pandemic.
- Identify the latest information pertaining to the risk of infections to the minority populations.
- Recommendations for education of family, children, teens, and young adults.
- Reflect on the dangers of not having the complete picture of today's youth and their view of sexuality.
- Relating and identifying who is at the highest risk for infection.

HIV Transmission Prevention

- Examine the younger generations' concepts of sex and sexual activity.
- Recommendations for education of family, children, teens, and young adults.
- Reflect on the dangers of not having the complete picture of today's youth and their view of sexuality.
- Relating and identifying who is at the highest risk for infection.

Street Smart

- Identify what to do if confronted.
- Easy to learn safety guidelines for public transportation.
- Classify and compare the street smart behavior in everyday situations.
- Understanding the dangers that can take place at the office, an elevator, or simply
- Integrate this information into Laws of Arrest, probable cause, and sources of probable cause to arrest.

Party/Club Drugs

- Examine the history and attraction of the new millennium party/club drugs.
- Explore the underground world of the RAVE scene.
- Identify the history, attraction, and tools of all the popular party drugs.
- Recommendations for treatment of overdoses.
- Reflect on the dangers of responding to a possible overdose and the dangers of the crowd.
- Relating and identifying who are the users.
